This application is before the Office of PCT Legal Administration for consideration of issues arising under the Patent Cooperation Treaty (PCT) and 35 U.S.C. 371.

On 11 March 2005, applicant filed international application PCT/US2005/008278, which claimed priority of an earlier United States application filed 13 March 2004.

On 07 April 2005, applicant filed purported national stage papers in the United States Designated/Elected Office (DO/EO/US). The submission included a Transmittal Letter to the United States Designated/Elected Office (DO/EO/US) Concerning a Submission Under 35 U.S.C. 371 (Form PTO-1390) and \$700.00 for the payment of a search fee. The submission of Form PTO-1390 signifies applicant's desire to enter the U.S. national phase under 35 U.S.C. 371, and treatment of the 07 April 2005 submission as a national stage filing was proper. If applicant did not intend to enter the national phase under 35 U.S.C. 371, a petition under 37 CFR 1.182 together with the requisite \$400.00 petition fee and an appropriate explanation must be submitted.

Please direct further correspondence with respect to this matter to Mail Stop PCT, Commissioner for Patents, Office of PCT Legal Administration, P.O. Box 1450, Alexandria, Virginia 22313-1450, with the contents of the letter marked to the attention of the Office of PCT Legal Administration.
